Green Series Line

We make it happen

At Modeca Group, we are **committed to the environment**, which is why we are proud to present **our new line: Green Series.**

This collection combines **design, functionality, and sustainability perfectly.** The Green Series is our response to the daily environmental challenges we face, using **recycled materials, purification technologies, and manufacturing processes that reduce carbon footprints.** This line transforms spaces while contributing to **cleaner and healthier environments.**

By choosing our Green Series Line, you help create a **more sustainable world** and enjoy an outdoor space that **respects the environment.** At Modeca Group, we believe that every decision counts and that together we can **contribute to a greener future.**

Green Parasols

The Eolo Pureti technology is a game-changer for outdoor products, bringing unmatched functionality and sustainability. Thanks to its nanotechnology treatment, these parasols purify the air by breaking down pollutants when exposed to ultraviolet light, enhancing air quality in urban and outdoor environments. Eolo Pureti parasols actively contribute to environmental sustainability, making them the ideal choice for eco-conscious spaces.
